Getting Ready for Kindergarten

Banff and Canmore Sessions Available

Banff Sessions: Tuesdays, April 25 – May 16, 5:15 – 6:45 p.m.

Prepare yourself and your preschooler for the transition to kindergarten in this free, in-person, four week program. Caregivers will interact with school staff and join an FRN educator to explore topics such as child development, skills that foster independence and responsibility, and social-emotional development. Children will spend time in a kindergarten classroom - meeting a kindergarten teacher, learning classroom rules and playing games to further their development. This free program is open to all Bow Valley residents with children entering kindergarten in September of 2023. Registration is required.
